Good Day,

I'm -Chad and I head up Video Marketing Foundation, a Private Small Business Entity & Team of 3 Local Professionals:

A Web Designer, Developer, & A Marketer. V. M. F. is based out of Jackson, Michigan.

"We create videos for businesses that help get more prospects and customers interacting online alongside engaging with Their BRAND and thinking about Their BRAND!"

We produce high quality video news style commercials that make you stand out from your competition.

These productions take your existing content; press releases, testimonials, photos, any website content and/or print content and then blend it to create a Marketing Video.

Whether your business is large or small, it's important to portray authority, trust and urgency within your given marketplace. We can help you to do just that.

*There's no lengthy production times or expensive costs involved with shooting and editing a video for your business.

-Our online video service takes a fraction of the time and cost of standard business video services.

*We can even help distribute your new video news release to Local and National outlets as well as Social Media Channels that Target Your Audience.

*We could help you increase the response rate of your press releases and marketing messages at a price that you'll love.

"The SPECIAL" is on VIDEO Breaking NEWS Releases for only \$247.50! Normally these would go for nearly \$500.00 & nearly \$1,000.00...

When You Purchase a VIDEO Breaking NEWS Release + Distribution Package you'll have access to more of our time and ideas.

We'd love to help!
